(Child's Name)	

At Bulimba State School students have access to the internet to enhance their learning. To promote safety whilst on line and acceptable use of the internet children need to adhere to the following points. We encourage parents to take the time to discuss the points with their child prior to enrolment. School staff will also discuss with children. Please tick each point below to indicate your child or you on behalf of your child has read, understood and accepted them.

- I will not give out personal information such as my address, telephone number, parents' work address/telephone number, or the name and location of my school without my teacher's permission.
- If I come across any information that makes me feel uncomfortable, I will hit "Back" immediately and then notify my teacher.
- I will never agree to get together with someone I 'meet' online without first checking with my teachers and parents.
- My teacher will always direct my learning on the Internet. I will not deviate from set activities.
